

# LEGOLAND New York

## Charging Destination Information:

**Location:** Goshen, NY

**Industry:** Entertainment Venues

**Charging Access:** Public

### Use Cases:

- Tourism
- Visitor charging
- Workplace charging

### Infrastructure Hardware:

- Six (6) 6.656 kW Level 2 Charging Ports

## Overview & Goals:

LEGOLAND New York's commitment to sustainability extends beyond its longstanding use of recycled materials and eco-friendly products—it now includes EV charging.

Offering convenient on-site charging for cars already parked at the venue enhances the guest experience, making it easier for EV drivers to visit. This added convenience serves as a major draw for eco-conscious visitors and reinforces the value of EV infrastructure for attractions and entertainment venues.

## Rebates & Incentives:

- Make Ready Incentive **\$52,662**

Thank you to our project partner

## Driver Software Network:

ViaLynk  
by Lynkwell

EV chargers are a natural fit for us, allowing our guests with electric vehicles to focus on building unforgettable memories with their families.
