

Capital Region BOCES

Charging Destination Information:

Location: Albany, NY

Industry: Education

Charging Access: Public

Use Cases:

- Faculty and staff workplace charging
- Community charging opportunity for students/visitors

Infrastructure Hardware:

- Eight (8) 6.656 kW Level 2 Charging Ports

Overview & Goals:

Capital Region BOCES serves over 1,300 high school students and adults through hands-on programs that prepare them for in-demand careers.

By integrating EV technology into its Albany campus, BOCES supports sustainable transportation, providing students and the community with real-world exposure to clean energy solutions shaping the workforce of the future.

Rebates & Incentives:

- Make Ready Incentive **\$43,200**

Thank you to our project partner

Driver Software Network:

We are pleased to offer this technology and we are excited to be able to do so with a business partner like Lynkwell, which provides great opportunities for our students.
