

CROSSGATES  
MALL

# Crossgates Mall

Pyramid Management Group

## Charging Destination Information:

**Location:** Albany, NY

**Industry:** Retail

**Charging Access:** Public

### Use Cases:

- Visitor and community charging
- Workplace charging

### Infrastructure Hardware:

- Twenty 6.656 kW Level 2 Charging Ports

## Overview & Goals:

Crossgates Mall included installing 20 EV charging stations to support the growing number of shoppers and employees arriving in electric vehicles.

The addition enhances customer convenience, encourages longer visits, and attracts eco-conscious consumers.

It also positions the mall as a modern, forward-thinking destination that meets the evolving needs of today's drivers.

## Rebates & Incentives:

- Make Ready Incentive **\$107,898**
- NYSEERDA Charge Ready Incentive **\$80,000**

**Thank you to our project partners**

## Driver Software Network:

by Lynkwell

“Each year, we welcome millions of shoppers to Crossgates, and each year more and more of them arrive in electric vehicles. We are eager to meet the needs of EV drivers and provide them with the opportunity to charge their vehicles while shopping, dining, relaxing at the spa or watching a movie.”
