

Schenectady County

Charging Destination Information:

Location: Schenectady, NY

Industry: Municipal

Charging Access: Mixed Use, Public and Private

Use Cases:

- Workplace charging
- Fleet charging
- Community and visitor parking

Infrastructure Hardware:

- Fifty-six (56) 6.656 kW Level 2 Charging Ports

Overview & Goals:

Schenectady County installed EV charging stations to support sustainability, boost access to local attractions, and modernize municipal fleets.

With installations at libraries and key city locations, the initiative reflects regional collaboration, public-private partnerships, and federal support—positioning the county as a Climate Smart, EV-friendly community ready for the future of transportation.

Rebates & Incentives:

- Make Ready Incentive **\$318,000**
- NYSERDA Charge Ready Incentive **\$70,000**

by Lynkwell

“Providing access to charging stations is more important than ever as the number of electric vehicle drivers continues to increase. Our new EV station mapping feature makes it easier for residents and visitors from the region and beyond to enjoy all the great attractions, restaurants and local businesses right here in Schenectady County.”
