

**ViaLynk Universal
Retractor™**

ViaLynk Universal Pedestal™ and ViaLynk Universal Retractor™

The Only Charger Pedestal and
Retractor You Will Ever Need to Buy

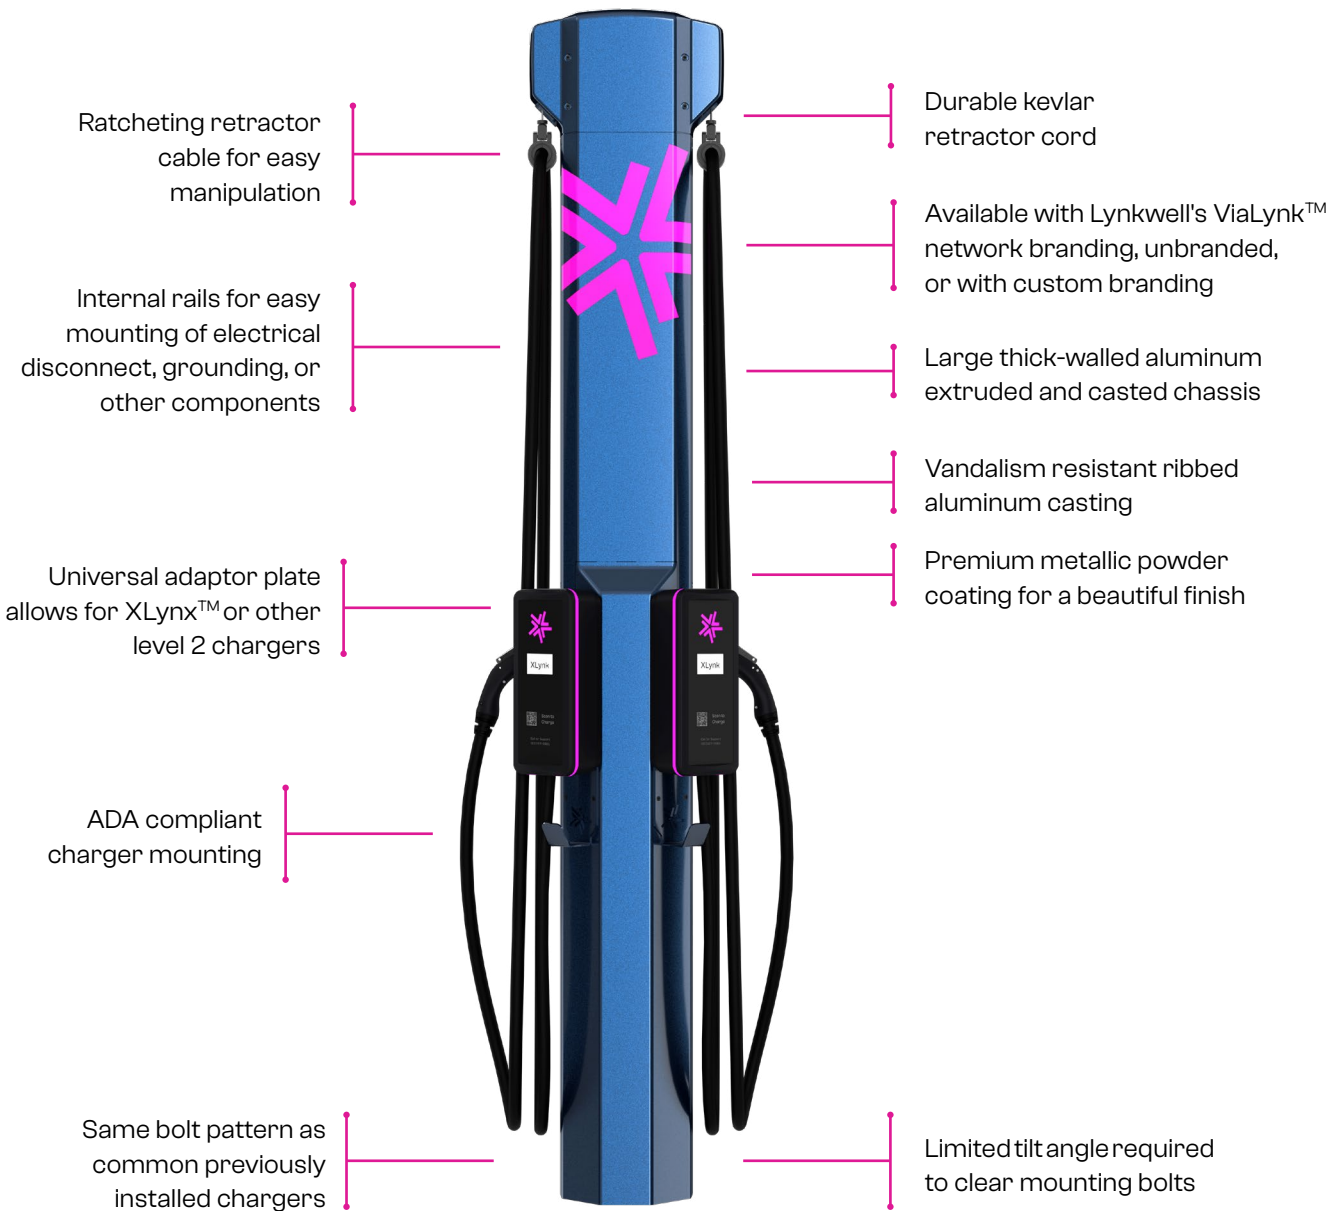

**ViaLynk Universal
Pedestal™**

**Ideal for multifamily,
workplace, retail,
hospitality, municipal,
and fleet applications.**

Doesn't look like your ordinary system because it was designed to be extraordinary

Lynkwell's ViaLynk Universal Pedestal and Retractor system was designed by our all U.S.-based team to truly elevate the charging experience. With premium aesthetic details, robust technical specifications, and the flexibility to work with almost any level 2 charger - it is the last pedestal and retractor system you will ever have to buy.

For charging site hosts

Give your EV drivers a great experience, give yourself peace of mind

Premium look and feel:

- Single monolithic design of pedestal and retractor providing a clean appearance and premium curb appeal
- High quality premium powder coating consistent across all exterior surfaces
- Available with Lynkwell's ViaLynk™ network branding, unbranded, or with custom branding

Designed for the long haul:

- Designed to last 18,000 retraction cycles
- Large, thick-walled aluminum extruded and casted chassis
- Designed to withstand Category 3 hurricane force winds
- Designed to withstand 200lbs of pull/push force from the top of the retractor
- High strength corrosion resistant hardware used throughout
- Custom highly durable power coating on all exterior surfaces

Perfect for any project:

- Designed to pair with Lynkwell's XLynx™ level 2 charger, but also compatible with almost any level 2 charger*
- Fits same bolt pattern of commonly installed chargers or easily mounted on concrete
- ADA compliant design to provide a great experience for all drivers

* Accessories are available to adapt the ViaLynk Universal Pedestal™ to most level 2 chargers - sold separately.

For electrical distributors and installers

A premium product that was designed to ship, stack, and install with ease

Easy to stock:

- One pedestal and retractor system that works with many different chargers
- A premium product that reduces risk for distributors
- Pallet-centric design makes it easy to stock larger quantities

Easy to install:

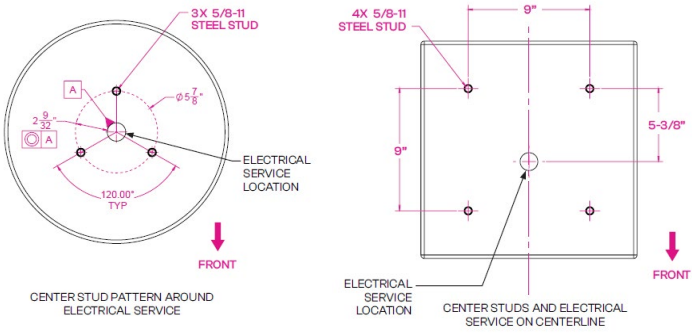

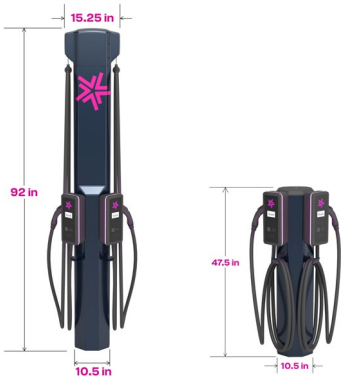

- Can be installed in under an hour
- Bolt pattern matches that of the most commonly replaced level 2 chargers or easily mounted on concrete
- Large openings positioned to provide access for mounting pedestal and wiring charger units
- Similar hardware drivers needed for installation and maintenance
- Stacking and self-aligning parts for ease of hardware installation

Easy to ship:

- All components designed to fit on a standard 48" pallet for easy shipping, picking, and packing
- Standardized sizing reduces shipping costs compared to many other charging systems
- Pallet sizing reduces potential damage during shipping and transportation to site

→ Get a premium product for a lower price than commonly used, low quality systems

Specs

Pair with Lynkwell's flagship XLynk™ level 2 charger for the complete package

XLynk™ was inspired by years of deployment experience to optimize function and maximize performance

- First and only commercial EV charger with a lifetime warranty
- EZ-Swap Faceplate™ allows customization, upgrading, or maintenance in under 5 minutes
- Manufactured in the USA with globally sourced parts at Lynkwell's New York facility
- Buy America Build America compliant for government incentives
- Built in Dynamic LLM so that energy management can continue to operate during loss of connectivity
- Built-in dip switches allowing distributors to stock one SKU for all L2 use cases (also allows customers to upgrade power in future)
- Adjustable from 12-80A

→ The Ultimate Workhorse

- Ideal for fleet, public, and private EV charging
- Bundle with Lynkwell's industry-leading software for the total solution

→ 50% Faster Installation Time

The modular construction and streamlined software configuration process results in a 50% faster installation time compared to other units.

→ Lifetime Warranty

Add Lynkwell Lifetime™ – the only lifetime warranty on a commercial EV charger.
