

Sunrise Solars Apartments

Sunrise Management

Charging Destination Information:

Location: Latham, NY

Industry: Multifamily

Charging Access: Public

Use Cases:

- Charging for residents

Infrastructure Hardware:

- Four (4) 6.656 kW Level 2 Charging Ports

Overview & Goals:

Sunrise Solars installed EV chargers to support residents embracing cleaner transportation. Company leaders, who drive EVs themselves, understand the convenience and cost savings of charging at home.

By adding chargers, Sunrise Solars enhances sustainability, modern living, and everyday comfort—making it easier for residents to align their lifestyle with future-focused choices.

Rebates & Incentives:

- Make Ready Incentive **\$17,800**

Thank you to our project partners

Driver Software Network:

“Federal incentives made it possible for us to add EV chargers and give residents and guests an easy, convenient option for electric vehicle charging.”
