

## Welcome to EV Charging with Lynkwell

Welcome to Lynkwell, your destination for everything EV charging. Our highly-rated mobile app has proven to make charging simple and easy for EV drivers. Drivers can find nearby stations while monitoring availability in real-time, make payments remotely, track energy usage and cost, and receive alerts about charging status.

### Getting Started

Scan the QR code to download the ViaLynk™ by Lynkwell app, your access point to nearby stations, charging status, and real-time updates.

## How to Charge at our Stations

- 1** Sign into the ViaLynk™ by Lynkwell app or continue as a guest.
- 2** Find your location and select a station. Tap “Start” to begin charging.
- 3** Plug in your vehicle. The station will show a “Plugged In” status once connected.
- 4** Track your session in real time. Once charging begins, the app shows your cost and progress.

EV drivers can charge on the ViaLynk™ network even without the app through our Guest Charging feature.

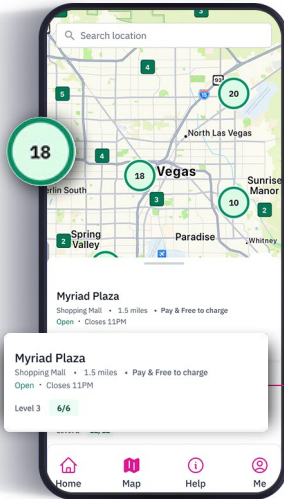

# Lynkwell App Features:

The ViaLynk™ app gives you access to the features below and Lynkwell's extensive charger network!

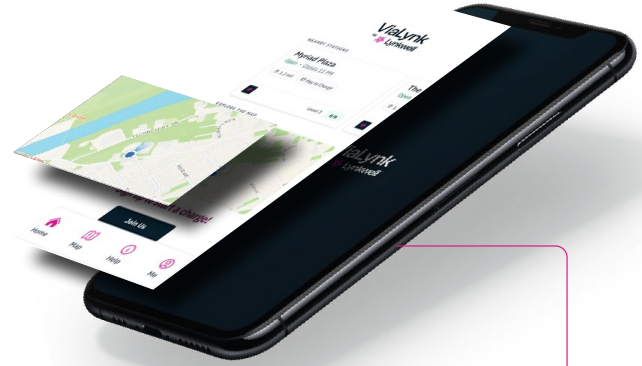

## Guest Charging available:

Start a charging session without creating an account.

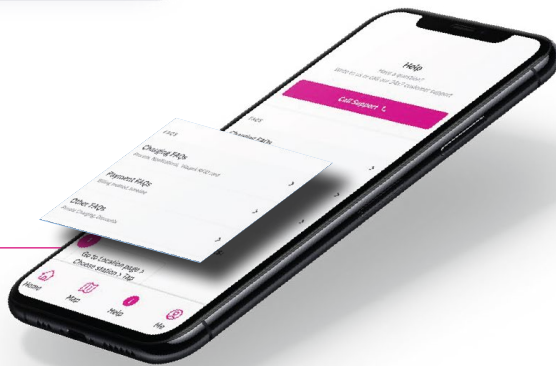

## User Friendly

Our sleek and seamless interface makes your EV charging experience more enjoyable, so you can charge and go!

## Navigation & Real-Time Updates

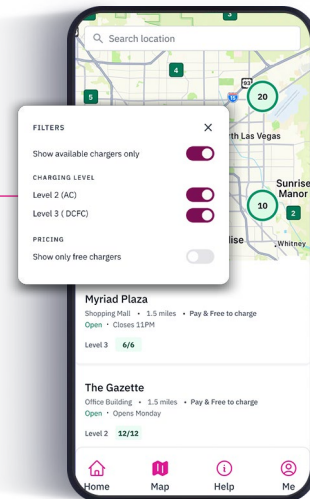

Locate nearby charging stations, get turn-by-turn directions, and start charging. Enjoy easy access to real-time insights on charger availability to avoid wait time.

## User Profile & Support

- Payment method management
- View charging history
- View past invoices
- Account information

Quickly access FAQs on how to charge and what to do if a session doesn't start. Our support team is just one call away.

## Preferences

Set your filters to view:

- Available chargers
- Charging level (Level 2 AC or Level 3 DCFC)
- Pricing (Free or paid chargers)

## All USA-Based Team
