

Town of Marlborough Cluett Schantz Memorial Park

Charging Destination Information:

Location: Marlborough, NY

Industry: Municipal

Charging Access: Public

Use Cases:

- Community charging opportunity
- Resident amenity
- Tourist and visitor parking
- Fleet charging

Infrastructure Hardware:

- Six (6) 240 kW DC Fast Charging Ports

Overview & Goals:

The Town of Marlborough, NY embraced EV charging stations as a practical step toward community sustainability, recognizing that supporting alternative transportation aligns with long-term environmental goals.

The town saw an opportunity to modernize public infrastructure at no direct cost to taxpayers — turning skepticism into momentum and positioning Marlborough as a forward-thinking community for residents and visitors alike.

Rebates & Incentives:

- Make Ready Incentive **\$453,600**

Thank you to our project partner

Driver Software Network:

Lynkwell has not disappointed the CAC in making our EV Charging Station a reality in our town. As a Climate Smart Community, this action supports New York State's commitment to address the effects of climate change while providing our citizens and visitors a relaxing stop by the pond at our town park. This is such a win/win for all.

Mici Polizzi Simonofsky

Chair, Town of Marlborough Conservation Advisory Committee
